

HOW THE TRUST HELPS

Conserving the past, Enriching the future

We aim to provide grants for weather-proofing and conservation of churches, chapels and meeting houses of all Christian denominations in Dorset. Where funds allow, we make grants for kitchens and lavatories so churches remain at the heart of their communities. Working with other grant-making bodies, such as the National Churches Trust and Dorset's Erskine Muton Trust Fund, DHCT aims to award grants totalling £125,000 p.a. Recent grants include:

| | | |
|----------------------------------------|---------------------------------------------------|---------|
| Silton, St Nicholas | Towards re-plastering of roof interior | £10,000 |
| Glanvilles Wootton, St Mary the Virgin | Towards re-roofing after storm damage | £8,000 |
| Worth Matravers, St Nicholas | Towards a large general repair project (£330,000) | £11,000 |
| Lytchett Minster | Towards a facilities project | £7,000 |
